

George Leary Is New Reeve Of Whitchurch

Only about half the seats in Vandorf hall were filled for the nomination meeting on Monday, when the Whitchurch township council was returned by acclamation.

With the retirement of Reeve (and Warden) Earl Toole the sole interest rested on who would fill the vacancy on the council. It was easily solved when Deputy-Reeve George Leary advanced to the reeve's position of deputy, Councillors Eugene Baker and Ed. Logan took up their old seats on the council, and Leslie Harper was brought in as the new man to fill the vacancy.

John Crawford acted as chairman. Only the members given the acclamations were nominated. The absence of Reeve Toole because of the death of his

father was mentioned and sympathy expressed.

"J. O." Says Bracken's 14 Points Speak For Selves

MR. AND MRS. J. O. LITTLE ATTEND PROGRESSIVE CON- SERVATIVE CONVENTION

Asked for his impressions of the Conservative convention in Winnipeg, J. O. Little, who attended with Mrs. Little, said that he could not do better than to quote the 14 objectives of the new leader, John Bracken:

1. The right of every man to have a job.
2. The right of every worker to a fair day's pay for a fair day's work.
3. The right of every individual to be rewarded, not on the basis of equal pay for all, but on a basis which recognizes the value of the service given.
4. The right of farmers and other primary producers to a fair share of the nation's income.
5. The right of both public and private enterprise to a fair day's work for a fair day's pay.
6. The right of private enterprise to a fair return on the investment it risks.
7. The right of every child and youth to equal opportunity to the maximum education suited to its capacity that the state can provide.

security against loss of income arising from accident, sickness, loss of employment, old age and other disability.

9. The right of depressed provinces to a rationalization of dominion-provincial financial relations.

10. The right of the public to expect efficient administration of the funds it entrusts to the management of the state.

12. The right of future generations to a world of plenty.

13. The right of future generations to a world of peace.

14. The right of the people to expect from their leaders a determined effort to disencumber society from the barriers to world trade, world progress and world peace, and the right of these leaders to expect from the public something more than passive support in getting them removed.

Here It Is, Inside Story Of Newmarket Redmen

MILITARY REDMEN WILL SEEK OLD HONORS OF TOWN'S ICEMEN

This hockey season sees Newmarket again a contender for hockey laurels. No. 23 (B) T.C. has entered a team in Intermediate "B" O.H.A. and will be known as "The Newmarket Redmen," and from side glances to their practice work-outs they are likely to regain the fame of former Redmen teams.

Sgt. MacDonald, coach of the squad, has had his last practising in Toronto two nights a week and has had them on their home ice here for a couple of work-outs and he is more than satisfied he has a winning team, made up of former stars. He keeps them in shape by special physical exercise periods directed by Sgt. Major Bowman, who was a physical instructor with the British Imperial army. In addition, they have their regular daily ice drills and all Newmarket fans are invited to see their nightly work-outs.

Lieut. D. K. Matheson, manager of the Redmen, has entered them in their group, which has been extended to six teams. He also has several exhibition games lined up to add interest in bringing several big-name amateur teams to Newmarket. In addition to this, he has been offered the services of several Canadian and European skating stars. All in all, an interesting and exciting hockey season is ahead. Here is a pen picture of the Redmen:

1st line: Comprises three fast-skating fellows, who have shown in practice that they have what it takes. Look to them for plenty of goals. In centre, Bob Bangay, star of the Markham Intermediate finalists of last year. On his left, is his brother "Nick," who played with Bob on the Markham team. On his right, is "Chuck" Nichol, a flashy right-winger who learned his hockey in Bradford.

2nd line: Three speedy boys who when they get more work together will take a lot of beating. Nichol in centre comes from Kirkland Lake Seniors and is ably assisted by McMaster on left wing, also a product of the N.O.H.A. On the right is Wheeler, star of the Omaha Knights in the professional American hockey association.

The defensive duties are divided by Johnny Frew of Toronto Marlboro fame and a People's of Industrial League, a fast-breaking lad and a goal-getter, Cpl. Exelby, a heavyweight, from the bone-crushing Toronto Mercantile League, and Heenan, a big lad from Marlboro Jrs., Telford, another big fellow from Grimby, Shaw, this year's captain of the

SEND BEST WISHES

New Year's greetings are being conveyed to Sir William Mulock, Newmarket's distinguished son, by the Newmarket town council. A resolution passed by the town council on Tuesday evening cited the interest which Sir William has always taken in the town and particularly mentioned his generous help at the time of the establishment of York county hospital.

CHARGED WITH MURDER OF CHARLES KNOWLES

Charles H. Chapman is charged with the murder of Charles Knowles, Newmarket, who was found badly beaten in a driveway off Dupont St. on Nov. 27 and died as a result of his injuries.

Chapman was arrested on Nov. 29 and has been held since then on a nominal charge of vagrancy.

VETERANS WILL PARADE TO SALVATION ARMY

The second monthly church parade of the Newmarket Veterans will be held on Sunday evening, Jan. 3, to the Salvation Army. Comrades will assemble at the council chambers at 6:30 p.m., and from there march to the "citadel."

All veterans are requested to attend.

team, learned his hockey in Stratford and spent several years in English and European leagues.

Goal: The goal is to be guarded by Hughes from Toronto Mercantile and Cpl. Wyszynski from Copper Cliff Redmen.

Spare: Also on hand is Carson of O.H.A. Puckers, Kerr, a Senior O.H.A. product, and Howlett from Aurora, who round out this formidable squad.

Lieut.-Colonel R. B. Harkness, D.S.O., officer commanding the camp, who has always been an ardent sportsman, and Major N. M. Young, V. D., second-in-command, who is always behind any sports event for the camp, are interested and have been instrumental in obtaining equipment and playing facilities. With such men as these behind the camp team, a fighting aggregation is assured.

FARMERS PLAN INCREASE 25 PERCENT, HOGS

With the largest grain crop in the history of Canadian agriculture, the farmers of the dominion have accepted the challenge of Britain to provide even greater quantities of foodstuffs in 1943 particularly in pork products, milk products and eggs. British farmers have been asked to break up another million acres of grass land to help combat the submarine menace of the Atlantic. The farmers of Canada in their production campaign are actually in the battle of the Atlantic.

Ontario farmers as their part are undertaking to increase pork production 25 percent over last year's all-time high and to that end the county of York has set as its objective the breeding of at least 4,000 additional sows in January or early February. This with proper care and management should place an extra 30,000 hogs on the market toward the 1943 bacon crop.

A glance at the advertisement appearing elsewhere in this paper outlines the various precautions recommended by the department of agriculture which hog raisers should follow to get the best results. Agricultural Representative W. M. Cockburn, Newmarket, has just been conducting a survey of the mortality in young pigs in the county of York and he states that in one of the larger townships the loss is as high as 50 percent. "In other words, Britain gets half the litter and Hitler gets the other half," says Mr. Cockburn. "The average loss over the county runs between 35 and 40 percent."

It was found that anaemia causes the greater percentage of the losses, due mostly to the fact that most hog men do not feed the reduced iron or iron sulphate until the pigs show symptoms. Even though the condition is corrected the pig's growth is retarded. Every baby pig should get its iron regularly. Free pamphlets dealing with labor-saving devices such as self-feeders, etc., hog pastures, rations and saving little pigs can be obtained by writing to Agricultural Representative W. M. Cockburn at Newmarket.

According to Mr. Cockburn, who is reporting to the war services board on all farm applications for postponement of military training, the board is definitely not stripping the farms of essential help, and farmers can with reasonable assurance expand their hog programs to meet the needs of the increased domestic demand as well as the heavy contract with Britain.

IMPROVE EXITS FROM PLACES OF AMUSEMENT

Inspection of the dance hall and soldiers' recreation club on Millard Ave., of the town hall and of the Strand theatre was made two weeks ago by L. C. Anderson, fire prevention engineer, Ontario fire marshal's department, Joseph W. Brammar, building inspector and assistant fire chief, and James E. Sloss, chief constable.

The town council held a special meeting on Dec. 21 to hear the report.

Recommendations with regard to the hall on Millard Ave., owned by Max Boag, included hanging of all doors to open outward, use of panic hardware, improvement of some of exits, and maintenance of two fire extinguishers on the premises.

Recommendations with regard to the town hall were use of panic hardware on all doors, hanging in other direction two small doors leading up to the stage and to rear exit, that directional arrows show rear way out, described as "wind-ing and tortuous," discontinuance of use of waste oil for heating with present equipment, and placing fire extinguishers on each floor.

Recommendations with regard to Strand theatre, owned by Mrs. Arthur Winn and operated by Premier Operating Corporation, included improvement of protection on ceiling above furnace and above long horizontal flue pipe from furnace to chimney, and keeping closed the doors of the operating and re-wind rooms during the showing of pictures.

After discussing the recommendations the council asked the council's property committee to carry out the recommendations with regard to the town hall, and asked Mr. Brammar to request the owners of the other two buildings to carry out the recommendations with regard to their properties.

We wish all our readers a Happy New Year and join with everyone in hoping that the coming year may bring the end of the war and the new beginning.

A MOVE IN THE RIGHT DIRECTION

The dominion government's long-awaited action on liquor cannot be said to be extreme. It is calculated to reduce consumption to pre-war levels, and cannot be termed prohibitory. There is one particular in which the government has shown a considerable amount of courage, and that is in its ban on advertising of liquor. Some provinces, including Ontario, already had such a ban, and it is our opinion that Ontario publications didn't suffer as a result.

Advertising promotes sales of the product advertised. The more money spent on alcoholic drink the less money there is to spend on other merchandise, and the less can manufacturers and merchandisers afford to advertise those other products. Ontario publications do not carry less

advertising than publications in provinces where liquor advertising has been permitted. They carry more advertising of other kinds, whether for the reason we have suggested, or because advertisers in other provinces get tired of competing with the voluminous liquor advertising, or because Ontario is more prosperous, or whether it is just because Ontario publications must get out and "hustle" other types of advertising.

However, publications which have been free to take, and have been taking, liquor advertising won't feel so philosophical about the government's ruling as will Ontario publications. They will not feel so friendly to Mr. King as they might have done if he had not interfered with liquor advertising, but they should not look to Mr. Bracken as a possible savior, for Manitoba is another province where liquor advertising had been banned and Manitoba under Premier Bracken had already shortened hours of sale.

The dominion government deserves praise for what it has done. We would like to see it go farther and inaugurate, perhaps in association with the national nutrition campaign, an educational temperance program. It would be a contribution to the health and wealth of Canada.

THEY NEVER TIRE

Old soldiers, seemingly, never tire of serving. Newmarket Great War veterans have done a grand job during this war of providing soldiers' comforts for this war's soldiers (who include, incidentally, a few of their Great War comrades). Few citizens realize, for instance, the work which War Veteran Alex. McIntosh has done in gathering the names and addresses, and changes of address, of the soldiers, sailors and airmen on active service, outside Canada. Relatives of the soldiers could simplify his arduous task by reporting to him promptly, and accurately, changes of address.

Sir Wm. Mulock was chairman of a Christmas Eve party at the

Newmarket military hospital. Wm. Cane & Sons are advertising for girls and women to take the place of men who have enlisted.

There was only a small market on Saturday. There was a decline in prices. Eggs were 65 cents a dozen and butter was 40 or 44 cents a pound.

Residents are asked to be careful of the town water as the supply is getting low.

Nominations will be held in Newmarket next Monday evening.

The Methodist Sunday-school was well filled last Friday evening for the Christmas concert.

A white gift service was held at the Christian church on Thursday evening.

Pte. Orville Harper Heath, an Aurora soldier, has been admitted to a casualty clearing station with gunshot wounds in the knee.

Signaller Jack Gadsby, who has been serving on a torpedo ship, is home on furlough.

Ben Howard has rented his farm to Mr. Mills and intends to retire in town. He has purchased Mr. Bingham's residence on Raglan St.

The town hall was gaily decorated with flags and firemen's equipment for the concert on Wednesday evening.

There will be voting in all wards of the town on Monday to elect a deputy-reve. John Eves and T. J. Woodcock are the candidates. H. Richardson and H. Pretty are contesting the position of school trustee in St. George's ward. The rest of the council and school trustees were elected by acclamation.

The fire whistle alarmed all the church congregations in town on Sunday. It proved to be a chimney fire in the house occupied by Frank Gamble.

A Christmas tree entertainment was held at the industrial home on Friday evening.

Christmas morning was ushered in by bright, clear crisp weather but there was a short snowstorm at 11 o'clock.

There was quite a disturbance on Main St. Saturday night. Residents are now wondering where the town constables were and why some arrests were not made.

Eggs were 15 to 22 cents a dozen on the local market. Butter was 16 to 18 cents a pound and potatoes were 60 to 65 cents a bag.

THE UNDERSIGNED MERCHANTS JOIN TOGETHER TO WISH THE PEOPLE OF NEWMARKET AND DISTRICT A

and to express the **HOPE** that 1943 may bring **VICTORY** and

The people in their millennial and revolutionary march toward manifesting here on earth the dignity that is in every human soul, hold as their credo the Four Freedoms enunciated by President Roosevelt in his message to Congress on January 6, 1941. These four freedoms are the very core of the revolution for which the United Nations have taken their stand.

And now, as we move forward toward realizing the Four Freedoms of this people's revolution, I would like to speak about four duties. It is my belief that every freedom, every right, every privilege has its price, its corresponding duty without which it cannot be enjoyed. The four duties of the people's revolution, as I see them today, are these:

1. The duty to produce to the limit.
2. The duty to transport as rapidly as possible to the field of battle.
3. The duty to fight with all that is in us.
4. The duty to build a peace—just, charitable, and enduring.

The fourth duty is that which inspires the other three.

We failed in our job after World War I. We did not know how to go about it to build an enduring world-wide peace. We did not have the nerve to follow through and prevent Germany from rearming. We did not insist that she "learn war no more." We did not build a peace treaty on the fundamental doctrine of the people's revolution. We did not strive wholeheartedly to create a world where there could be freedom from want for all the peoples. But by our very errors we learned much, and after this war we shall be in position to utilize our knowledge in building a world which is economically, politically and, I hope, spiritually sound.

Modern science, which is a by-product and an essential part of the people's revolution, has made it technologically possible to see that all of the people of the world get enough to eat. Half in fun and half seriously, I said the other day to Madame Litvinoff: "The object of this war is to make sure that everybody in the world has the privilege of drinking a quart of milk a day." She replied: "Yes, even half a pint." The peace must mean a better standard of living for the common man, not merely in the United States and England, but also in India, Russia, China and Latin America—not merely in the United Nations, but also in Germany and Italy and Japan.

Some have spoken of the "American

Peace
On Earth
Good Will
Toward
Men!

Century." I say that the century on which we are entering—the century which will come of this war—can be and must be the century of the common man. Perhaps it will be America's opportunity to suggest the freedoms and duties by which the common man must live. Everywhere the common man must learn to build his own industries with his own hands in a practical fashion. Everywhere the common man must learn to increase his productivity so that he and his children can eventually pay to the world community all that they have received.

No nation will have the God-given right to exploit other nations. Older nations will have the privilege to help younger nations get started on the path to industrialization, but there must be neither military nor economic imperialism. The methods of the nineteenth century will not work in the people's century which is now about to begin. India, China and Latin America have a tremendous stake in the people's century. As their masses learn to read and write, and as they become productive mechanics, their standards of living will double and treble. Modern science, when devoted wholeheartedly to the general welfare, has in it potentialities of which we do not yet dream.

And modern science must be released from German slavery. International cartels that serve American greed and the German will to power must go. Cartels in the peace to come must be subjected to international control for the common man, as well as being under adequate control by the respective home governments. In this way, we can prevent the Germans from again building a war machine while we sleep. With international monopoly pools under control, it will be possible for inventions to serve all the people instead of only the few.

Yes, and when the time of peace comes, the citizen will again have a duty, the supreme duty of sacrificing the lesser interest for the greater interest of the general welfare. Those who write the peace must think of the whole world. There can be no privileged peoples. We ourselves in the United States are no more a master race than the Nazis. And we cannot perpetuate economic warfare without planting the seeds of military warfare. We must use our power at the peace table to build an economic peace that is just, charitable and enduring.

—HENRY A. WALLACE,
VICE-PRESIDENT OF THE UNITED STATES.

TAKE VOWS AT WINTER WEDDING

The home of Mr. and Mrs. O. R. Tranmer, Bloomington, was the setting for a pretty wedding on Dec. 19 when Ruth Helen Grace Story, only daughter of Mr. Edgar A. Story, Bloomington, and the late Mrs. Story, became the bride of John Howard Ross Kee, son of Mrs. Kee, Orangeville, and the late John Wesley Kee.

Given in marriage by her father, the bride entered the living-room to the strains of Lohengrin's wedding march played by Miss Margaret Gerrard. The bride was gowned in turquoise blue crepe trimmed with gold sequins and carried a bouquet of pink Briarcliff roses, which was sent to the groom's mother, who was absent through illness.

The bridesmaid, Miss Gwen Tranmer of Kitchener, cousin of the bride, wore a gown of bright rose wool trimmed with gold and carried a colonial nosegay of roses and forget-me-nots. Howard Shantz of Kitchener attended the groom.

Rev. Douglas G. Davis performed the ceremony against a background of pink mums and ferns.

The bride's aunt, Mrs. Tranmer, received in a dress of air-force blue and wore a corsage of Talisman roses.

Following the reception to some 30 guests the happy couple left for a motor trip to North Bay. For travelling the bride chose a monitory rose dress, black boucle cloth coat with silver fox collar and black velvet hat. On their return they will reside on the groom's farm near Orangeville.

The groom's gift to the bride was a link fur neckpiece.

OUR BUSINESS IN LIFE

is not to get ahead of other people, but to get ahead of ourselves. To break our own record, to outstrip yesterday's by today's, to bear our trials more beautifully than we ever dreamed we could, to whip the tempter inside and out as we never whipped him before, to give as we never have given, to do our work with more force and a finer finish than ever... this is the true idea... to get ahead of ourselves.

Grandson Of Town Founder Marks 92nd Birthday Today

Aurora's oldest native son, Walter Macchell, Tyler St., will celebrate his 92nd birthday on Dec. 31.

He was born, he says, "either in this house or in the one on Wellington St. now occupied by Jess. Banbury."

At the time of his birth Aurora was known as Macchell's Corners, named after his grandfather, the late Richard Macchell, pioneer Aurora merchant. His father, the late Edwin Macchell, was born in Aurora too. For over 40 years Walter Macchell conducted a brickyard on the present site of the Collis Leather Co. On his retirement from business he was appointed to the staff of the county sheriff, a post he held for 20 years.

From 1916 to 1936 he served as bailiff of the 6th division court at Aurora, serving thousands of summonses and writs. At the age of 16 he was a member of McLeod's cavalry, a unit formed by Col. McLeod of Oak Ridges. He attended the first camp at Niagara for the militia of the district. He is a member of Trinity Anglican church and for the past few years has pretty well been confined to his residence and light duties. He enjoys listening to the hockey broadcasts on Saturday nights.

Residing in Aurora are two children, Mrs. Orrie DeLaHaye and Ross Macchell, and in Toronto, a son, Edward, and a daughter, Mrs. Walter Dove.

Frank ("Pete") Macchell, for many years a star hockey and lacrosse player with Aurora teams, resides at Brampton.

Decide Law Not Better Than Medicine As Calling

Bruce Underhill and Grace Willis, representing second form, won their way to debating championship final at Aurora high school last week, defeating Mavis Sisman and Bob Galloway of third form.

The subject was: "Resolved that law as a profession is preferable to that of medicine." The victors upheld the negative side. Judges were Rev. Canon J. H. Fife, Mrs. Vivian Wilcox and Wilfred Adams.

A play, "Slightly Exaggerated," was put on by a cast of Jean Patterson, Mary Annan, Irene Patterson, Freda Clarkson, Shirley Fingold, Elaine Ough and Pat Connor. Little Pat Davis won the Junior Red Cross doll, and \$14 was realized for the society's work.

The Christmas issue of the school paper, "The Quill," made its appearance and sold readily. It was an edition of seven pages with a splendid frontpiece drawn by Frances Moore. It was dedicated to three former members of the staff now on active service, Lieut. N. F. Johnson, Pilot Officer B. T. O'Brien and J. H. Breckenridge.

In the morning of closing day a carol service was held, with Rev. Roy Hicks delivering a Christmas message.

HOCKEY GETS AWAY ON MONDAY NIGHT

Aurora town hockey will open Monday evening at 8:30 o'clock when Roy Middlebrook's A.C.S., composed mostly of farm boys and one or two former Newmarket stars, will clash with Bill Holloway's Sisman shoemakers.

The shoemakers are building their attack around the veteran Wes. Heaney, but have such up and coming stars as "Mickey" Sutton, "Whitey" Jones and Eric Bilborough of last year's junior C team on their roster. The fans will see some brand-new faces in action, and what the teams may lack in condition they will make up with grit.

Both teams are anxious to get off to a good start and are confident they can produce crowd-pleasing hockey as well as hold their own with the strong Orillia and King City entries.

In case mild weather should postpone the opening game, a doubleheader starting at 8 p.m. will be played on Thursday, Jan. 7. All postponed games will be played as part of a doubleheader on the next night's bill. Games are Mondays and Thursdays.

DOWN THE CENTRE

The Hatfields and McCosys, noted for their feuding in song and story, will have a counterpart in North York this winter on the ice. Front with the lettering "Unionville Bombers" in the junior O.H.A. series. For years past the boys from Markham, Stouffville and district have combined to have a junior C contender. Last year the arguments started when the Markham team moved out of the village rink, otherwise known as "the barn," and shifted over to the bigger ice surface of Crosby memorial rink at Unionville. The intermediate team did likewise.

The main reason, we think, was that the Lawries, who always had run the Markham rink, were superseded by the fair board as the management of the Markham rink. Stealing a march on the boys this season, the Markham management entered a junior team in November under the leadership of Stan. Fringle. Grant Nishwander and Johnny Hayes, with the games to be played in Markham. Then last week Ken Watson and the Unionville crowd got together and entered their own team to play in Unionville rink.

Brampton Camp, who are entered in the intermediate O.H.A. series with Newmarket Camp and Angus Bombers, will play their home games this season at Aurora. Newmarket camp has gathered a strong team together.

Colors this season will be red and white. A white sweater trimmed with red, and red pants and socks will make the boys look every bit the pros.

The points are from the Newmarket junior hockey club via the generosity of Andy Davis.

The camp will have made a "ten-strike" if they have been able to get Mr. Davis to take an interest in their team.

"Doc" Ames, former Newmarket Redmen goaltender, who also played some fine hockey up north, has been re-elected as an alderman at Kirkland Lake.

Congrats for progress in the recent municipal elections go to many fine sportsmen. Was pleased to see Joe Spilletto, for years of sport's lending boosters in Newmarket, head the polls, and "Doc" Ames, an outside wing for Toronto Varsity, in his day, proved so skilled at tackling all problems that he received a well-earned acclamation.

Lou Boval, who for years was a bruising, dangerous forward for Newmarket intermediates, in his first attempt earned a school board seat on the Newmarket school board.

"Pop" Kelly and Normie Mann are reunited for the second time since they played together at Newmarket. First time it was with the Toronto Leafs, now it is with the Pittsburgh Pirates in the league, while Kelly, who was sold by Buffalo before contract trouble, is regaining his former shooting eye.

Eddie Michaniuk, youthful brother of Frank Michaniuk, who played a bit of football in Aurora and was slated to play hockey here until plans went astray, is playing a fine game in senior hockey with the Toronto team. He is only 17 now and should be better than elder brother "Mitch" before he has through Toronto by the L.C.A.F. and is at St. Thomas, we understand.

"Busher" Gibson, the former Newmarket player, is cutting a wide swath these days in T.H.L. commercial and nearly every game sees him bag a goal or two.

Pete Kaus, who southpawed in the Newmarket town league, and was spare goalie for the hockey juniors, has joined the army.

Understand, and is now stationed at Hamilton. He is a Penelag boy.

Bill Thompson, former Aurora high school basketball, hockey and track performer, is now attending Victoria College, and he was honored by his classmates with the presidency of the freshman year a few weeks ago.

Roy Middlebrook, the squire of Amhurst and Walnut Grove Hall, has entered a team in the Aurora town league to complete the circuit. Middlebrook will lend a lot of color and enthusiasm to the circuit. He is counting on "Duke" Dennis, Doug Hope, "Bub" and "Buck" Preston, Harold Rothman and other district boys to form the backbone of his team, who will be called Aces. One of the other two teams is Sisman's, headed by Bill Holloway.

The shoemakers have no title to the star "Ninny" Heaney, George Hodgins, "Mickey" Sutton, Ken Rose, "Whitey" Jones, Al. White, Billy Heath and other Aurora lads.

Ordinance, headed by Capt. Stoops and Lieuts. Hadley and Marshall, is the dark horse of the Aurora circuit.

"Sparky" Vall is again performing for McIntyre Mines in the N.O.H.A. senior series, while on the opposing Buffalo-Ankerite team is his old Newmarket teammate, Normie Wood. The two Carnegie boys from Willowdale and Thornhill, Ossie and Horbie, are playing with them, and have decided to play in the north rather than come south. The two colored boys are as good as ever.

ALL ACCLAIMED

Members of Aurora town council all received an acclamation from the electors. Mayor Frank Underhill, Reeve C. A. Malloy, Deputy-Reeve C. E. Sparks (shown above) and all members of the council are urging the public to vote in favor of the Ontario Hydro Electric agreement, which means that Aurora will become a Hydro municipality.

Council Acclaimed, Gunton Urges Need Of Hospital Space

Aurora town fathers were re-elected to govern the affairs of the town for the second straight year in a row when Councillor G. A. C. Gunton withdrew from the deputy-reveeship and Rod V. Smith, who was new nominee for the council, did not qualify.

At the nominations on Monday evening, Councillor Ross Linton, who was nominated for the mayor's office, declined to run for that office. Nominations passed off quietly, with speakers from the Ontario Hydro-Electric Power Commission monopolizing the early hours of the meeting, so that when municipal nominees addressed the gathering only a handful of listeners were left.

Mayor Frank Underhill, who was nominated by ex-Mayors P. M. Thompson and George Baldwin, gave a brief review of the year's work. "The war effort places a heavy responsibility on the head of a municipality and outside activities now take more time than those directly concerned with the council," he said. "I have had good co-operation from the entire council. Our functions are limited because we collect only so much taxes, and from that have only a small amount to spend as we see fit. The financial statement shows we took in nearly \$5,000 more, yet our bank balance is only a bit more, and our loans stand at the same figure. We had to give our employees extra money so that they could meet the increased cost of living. Materials cost more, and we had several capital expenditures. Education costs were up, too."

Reeve C. A. Malloy dealt briefly with the streets, sewage system and county problems. "For the first time the actual costs of operating the sewage system, the arena and all public property are shown. In the past the amount of time spent by town employees at each plant or department was not known. We did not know whether the arena was paying or if other departments were too high. The new time sheets and bookkeeping system make this possible now."

He forecast a lower county levy next year.

Deputy-Reeve C. E. Sparks, chairman of the finance committee, gave a picture of the town's finances. "Improved conditions for the township generally are shown in increased tax payments. I believe we can look forward to an even better showing next year. The Berczy street debenture is off this year and in a few years there will be quite a drop in the annual amount needed to meet our fixed charges."

"It is urgent that the people pass the Hydro by-law," Councillor Ross Linton told the meeting. "It is also urgent that the people of Aurora conserve power in town. We are trying to get people to buy less power in order that there may be more for war industry all over. One of our industries has to cut off a machine between 11 and 12 o'clock to avoid a peak load for the town. It is a hardship on them."

"We intend to show a technical picture to the schools and housewives if we can get some group to sponsor a meeting. We notice our biggest electric problem created on Monday, which is wash day, and Tuesday, which is ironing day. It may be necessary for us to ask various sections of the town to shift their household work to other days."

Councillor Dr. G. A. C. Gunton said that his industrial committee had done a whole lot more work than showed on the surface. "Aurora is known in every government department and every consulate in Canada. We could not accommodate new industry now if we wished, as there isn't an inch of available space without building."

"Social service needs are something that requires vigorous action at county council," he said. "New market is badly in need of more hospital space. Aurora has none. Medical, dental and nursing services all could be expanded to advantage. Good health is essential to our armed forces and they have everything available at no personal expense."

"It is just as important to keep the civilian population fit. Many cannot afford to pay at all, others can pay part. The present statutes would allow the county council to set up a health unit to be used throughout the county. The province would have to approve of the plan and might pay part. All important changes are made in wartime. Now is the time for action at county council."

Councillor A. A. Cook warned that present production and consumption of water were about even.

Councillors Fred Rowland and A. N. Fisher were absent from the meeting. So were School Trustees D. J. Webster, J. F. Willis and Edward Warren, all of whom received acclamations.

Rod V. Smith, nominated for the council, told the meeting that he would not cause a council election even though a vote at the polls would be held. "If the old council wants to stay on I will withdraw," he said. "I am a property-owner and deeply interested in the town's welfare. It is my permanent home and there is no better place to live."

Hydro Promises Profits Would Be Spent In Aurora

"Be assured of your power needs being filled," said H. D. Rothwell of the Ontario Hydro-Electric Commission at the Aurora nomination meeting on Monday night. "It is everyone's interest to have this contract signed."

Mr. Rothwell and E. L. Lawlor of the Ontario Hydro attended the meeting on the invitation of the town council.

Councillor Ross Linton introduced the speakers.

"A group of municipalities have created a vast system," said Mr. Rothwell. "You are benefitting by it but not sharing either its full benefits or responsibilities. Our sources of power are taxed to the limit now. We have to curtail people's individuals. I do not say this by way of a threat, but have you considered the fact that those municipalities who are the real owners of the system might well feel that their requirements should be met before the requirements of others. Undoubtedly, Aurora has a right to power but there is nothing to say that such a situation might not arise."

"Your charges will be based on power at cost," Mr. Rothwell said. "In your area the figures are about the same as you pay now plus a little more to create a reserve stabilization fund which will be used to prevent an upheaval in rates after the war. Rates will be kept constant."

An Aurora commission would be composed of two members, each elected for two years in alternate years. The mayor is ex-officio a member. The commission would need the approval of the Ontario Hydro for plant extensions involving debenture issues. It was safeguarded to the ratepayers that had worked well. The experience of Hydro engineers was available free to the local commissions. A new form of bookkeeping would be set up, as all Hydro municipalities have the same system.

"Hydro funds must not be diverted for other municipal purposes," declared Mr. Rothwell. "Your money stays right here in Aurora for your own commission to expend. If the department creates a surplus those who create it should enjoy it."

"I don't anticipate a change in rates for the average citizen," he said. "The average person will never know the difference between the old and new contracts. You a 'yes' vote for the by-law."

will be assured of a source of power for the future development of your town. Aurora is in an area that may richly expect expansion in the next few decades. I venture to say you will need double your present power requirements before too many years."

A question period was held after Mr. Lawlor spoke briefly. Councillor Linton asked: "Who can be a commissioner? Can a council member sit on the commission?"

"No, the commission members are elected separately but at the same election as the council," said Mr. Rothwell. "The mayor is the council's representative on the commission. The Hydro commission will always have an experienced man on the commission by reason of the two-year alternate election terms."

P. J. Conroy asked: "Is the commission paid?"

"The commission may or may not be a paid body," said Mr. Rothwell. "I would not say more than a nominal remuneration. The council passes a by-law setting the remuneration. It is then approved by the Ontario Hydro. Ninety-nine percent of commissions are paid something. I think it is a fair thing. The money comes from the commission's funds, not from the town treasury."

Mr. Conroy asked: "Will extensive alterations to the Aurora system be needed?"

"Not if the present system is satisfactory. Certainly, not until the war is over. We are anxious to see the local commissions have the proper equipment to get the maximum use of their power."

"With a commission set up in 1943 at a separate election, or will the council administer electric power until January, 1944?" asked The Era and Express.

"No provision has been made for a commission to be elected now," said Mr. Rothwell. "The new commission will not be elected until April. We will not put the town to any expense and the act provides for the commissioners to be elected at the same time as council. The council will accordingly run the electric department as they have done until the end of next year. Then a commission will take over."

The entire council expressed themselves as heartily in favor of the old and new contracts. You a "yes" vote for the by-law.

REPAIR COURSES BEGIN AT PEFFERLAW JAN. 5

With the production and sale of new farm machinery rationed at 25 percent of the 1940 sales, every farmer will be obliged to put his implements into the best possible running order this winter to save any avoidable delays next spring and summer.

The Ontario department of agriculture has arranged through the county agricultural representatives, local councils and agricultural organizations to hold a series of two-day short courses in 240 centres across the province.

Eleven courses will be held in York county, with approximately one per township during January. Farmers, young and old, are urged to get their chores done up early and be at the classes by 10 a.m., as the program must start on time to get all the work covered in the two days.

According to Agricultural Representative W. M. Cockburn, who is organizing the work in York county, a competent staff of experienced farm machinery instructors will demonstrate the repairing and adjustment of mowers, plows, binders, knotters, tractors, rope splicing and reaping, and show slides of new and novel labor-saving devices. Details of the program will be sent on application to the department of agriculture, Newmarket.

The places and dates are as follows: Pefferlaw, Jan. 5-6; Belhaven, Jan. 7-8; Sharon, Jan. 11-12; Vandonr, Jan. 12-13; Stouffville, Jan. 14-15; Buttonville, Jan. 18-19; Agincourt, Jan. 19-20; Schomberg, Jan. 21-22; King, Jan. 25-26; Vellore, Jan. 26-27; Thistleton, Jan. 28-29.

COURT BLAMES BEER FOR YOUTH'S DRIVING

After a week's adjournment, Harvey Brennan and Joseph Daguerre, Newmarket military camp, whom Magistrate W. F. Woodliffe found guilty of breaking and entering Webster's service station on Eagle St. on Dec. 10, were sentenced last week in Newmarket police court.

"This is your first offence and I'll give you a chance," his worship told Harvey Brennan. "I am placing you on suspended sentence for one year. If you ever get into trouble again you will get a severe penalty. You have a record now."

"I assure you that I'll not do it again," replied Brennan.

He sentenced Joseph Daguerre to 60 days in jail with hard labor.

Both defendants had pleaded guilty to the charge but explained that they had been drinking and did not realize what they were doing. Chief Constable James Sloss testified that nothing had been stolen from the service station.

"Referring to the defendants' past record, Crown Attorney N. L. Mathews, K.C., informed his worship that Brennan had no previous convictions but that Daguerre had had previous convictions.

Pleading for leniency on the ground that he had a wife and children, Daguerre said that he wanted to make a good soldier.

"How do you expect to be a good soldier if you go about breaking and entering places?" retorted Magistrate Woodliffe. "You'll go to the penitentiary, that's where you'll end up."

"Probably it was the influence of Daguerre that got this man (Brennan) into trouble," commented his worship.

Finding 18-year-old John Allen, Keeler St., Toronto, guilty of dangerous driving on the base line, one mile west of Sutton, on Nov. 5, Magistrate Woodliffe fined him \$10 and costs amounting to \$12.75 or ten days in jail and suspended his license to drive for a period of six months. With the consent of the crown a charge of careless driving was withdrawn.

County Constable William Hill testified that he had investigated an accident at 9 p.m. and found the car which Mr. Allen had been driving in the ditch at the side of the 15-foot road. He said that marks on the road, its six-foot shoulder and on a telegraph pole indicated that the car had somersaulted after leaving the road, righted itself and lit on its wheels.

He went on to say that he later met Mr. Allen coming from Sutton and found him in a dazed condition. The latter told him that it had been raining and his car had started to skid. He did not remember what had taken place after that.

Questioned further by the crown, the officer said that the youth smelled strongly of beer but that he thought his dazed condition was due more to the blow on the head which he had received rather than to the beer.

On the stand Mr. Allen admitted having been drinking on the night in question and also a week previous when his car had to be towed out of a ditch.

"That's the answer," commented his worship.

On another charge, that of stealing a pole and "no parking" sign, valued at \$5, the property of the corporation of Sutton on Oct. 17, John Allen was given a suspended sentence and placed on probation for six months. A condition of the probation is that the youth keep out of Sutton and district.

According to Constable Carl Morton of North Gwillimbury, he had been driving on the Lake Shore Road at 11 p.m. on Oct. 17, when a car, driven in a reckless manner and with its occupants laughing and shouting, passed him. He said that he noticed that the bumper in the rear was dragging and at the side of the car an object which he later found to be the post belonging to the parking sign. When he stopped the car he found the sign inside the car.

"Did he give any reason for taking it?" questioned the crown.

"He said that he was taking it to Riveredge park," replied the witness.

Called to testify, Constable Burke of Sutton told his worship that the sign had been taken from in front of the library and belonged to the municipality of Sutton.

In his defence, Allen denied that he had taken the sign down and stated that he had found it lying on the road. He did not intend to steal it, he said, but he and his friends were going to leave it at the park. He admitted drinking on that night also, but could not give the name of the hotel at which he had purchased the beer.

"You are trying very hard to get yourself into a mess," Magistrate Woodliffe told the youth. "That sign did not belong to you. You had no business to pick up that sign and take it away. In view of it being your first offence, I am placing you on suspended sentence."

Finding William J. Knowles, Aurora, guilty of driving his car on Yonge St. at 50 miles an hour on Dec. 9, his worship fined him \$15 and costs. Provincial Constable Alex. Ferguson laid the charge.

NORTH GWILLIMBURY NO ELECTION AGAIN MAKES N. G. HISTORY

North Gwillimbury council held its final meeting for 1942 on Dec. 15. In one respect it was an unusual council, as all its members were holding free tickets for their seats for 1943, representing the third term and the second consecutive acclamation for each member.

This all rates as new and strange in North Gwillimbury, a municipality with a consistent record for lively election fights. Some blame it on war conditions, some say the old township is going soft and some call it a tribute to a council that has been doing a good job.

A number of ratepayers were on hand to settle their tax accounts and the council's proceedings for the day consisted almost entirely of passing accounts to settle year-end business.

Accounts passed were as follows: O. J. Silver, redemption lot, \$110; Mrs. J. Burch, overbid, \$50.74; board of health accounts, Dr. O. M. Beattie, \$154.60; Murray Munro, \$58; Lloyd Stiles, \$61.50; Ross A. McMillan, \$16; Fred Peel, \$16; council and township officials, Ross A. McMillan \$135, Harold H.
